

ENVIRONMENTAL POLICY STATEMENT

Storer Refrigeration & Catering Manufacturers Ltd (the Company) is committed to a policy of environmental protection in order to ensure compliance with ISO14001:2015 and the compliance obligations and industry best practice applicable to its undertakings.

The Company is committed to continual environmental improvements in its environmental management system to enhance its performance and improve its impact upon the environment.

The Company will ensure the protection of the environment by undertaking the following:

- Re-use or re-cycling of waste materials whenever possible, prior to disposal.
- Minimise the use of resources (materials, fuel and energy) there by reducing wastage.
- Minimise all emissions and discharges (noise, gaseous, solid and liquid) ensuring compliance with all regulatory controls.
- Consideration of environmental effects and commitment to pollution prevention in all business decisions including the purchase of materials or equipment and the adoption of new technology/processes.
- Encouraging all third parties involved with our business to adopt a policy of environmental management.
- Provide adequate resources for the achievement of the policy objectives.
- Compliance with the environmental legal and other obligations to which the Company prescribes.

This policy will be communicated to employees at every level of the Company and as such all employees are expected to take all reasonable steps to safeguard the environment whilst at work.

This policy shall be reviewed for its effectiveness and suitability at least annually as part of the management review process to ensure progress against set targets and objectives in order to ensure continuous improvements are made.

The Company will ensure that this policy is communicated and available to all relevant stakeholders and interested parties as appropriate.

This statement represents our commitment on behalf of the Company.

A signed and dated version of this policy is available on request.
